AGRICULTURE, RURAL DEVELOP-MENT, FOOD AND DRUG ADMIN-ISTRATION, AND RELATED AGENCIES APPROPRIATIONS ACT, 2004—Continued

Mr. BENNETT. Mr. President, it is our intention to move next to the amendment of the Senator from Hawaii, Mr. Akaka; and, after that, to the amendment of Senator Cantwell. However, Senator Specter from Pennsylvania has an amendment which he wishes to propose. The time will not be long and he has another time commitment. I ask unanimous consent that Senator Specter be recognized before we proceed in the manner that I have outlined.

The PRESIDING OFFICER. Is there objection? Without objection, it is so ordered.

The Senator from Pennsylvania.

Mr. SPECTER. Mr. President, I thank the distinguished Senator from Utah.

AMENDMENT NO. 2080

Mr. SPECTER. Mr. President, I call up amendment No. 2080, which is at the desk

The PRESIDING OFFICER. Without objection, the pending amendment is set aside. The clerk will report.

The legislative clerk read as follows: The Senator from Pennsylvania [Mr. SPEC-TER] proposes an amendment numbered 2080.

Mr. SPECTER. Mr. President, I ask unanimous consent that reading of the amendment be dispensed with.

The PRESIDING OFFICER. Without objection, it is so ordered.

The amendment is as follows:

(Purpose: To limit the use of funds to allocate the rate of price support between the purchase prices for nonfat dry milk and butter in a manner that does not support the price of milk at the rate prescribed by law)

On page 79, between lines 7 and 8, insert the following:

SEC. 7 . LIMITATION ON ALLOCATION OF PURCHASE PRICES FOR BUTTER AND NONFAT DRY MILK.

None of the funds made available by this Act may be used to pay the salaries or expenses of employees of the Department of Agriculture to allocate the rate of price support between the purchase prices for nonfat dry milk and butter in a manner does not support the price of milk in accordance with section 1501(b) of the Farm Security and Rural Investment Act of 2002 (7 U.S.C. 7981(b)).

Mr. SPECTER. Mr. President, this is an amendment which I am offering following a letter on July 8, 2003, to the Secretary of Agriculture, cosigned by some 20 Senators. This amendment provides that the Secretary must take immediate action concerning the Commodity Credit Corporation's purchase price for dairy products. The market price for individual products has fallen below the support levels, thus allowing the price of milk products to fall below

the statutory level of \$9.90 per hundredweight.

In the year 2000, 7 out of 12 months the price was below the \$9.90 set at \$8.57. In 2002, 4 out of 12 months were below the support price, and currently, in 2003, 6 out of 12 months were below the support price set at \$9.11.

This amendment prohibits the expenditures in the Department of Agriculture unless they follow the clear-cut mandate of existing law, which is to have the prices set.

I had understood a few moments ago that this was cleared on both sides, but it may be that there are some objections to be lodged. It is my hope that this can be worked out in the course of the afternoon.

I thank my colleagues for yielding these few minutes. I yield the floor. Mr. BENNETT. Mr. President, I sug-

Mr. BENNETT. Mr. President, I suggest the absence of a quorum.

The PRESIDING OFFICER. The clerk will call the roll.

The legislative clerk proceeded to call the roll.

Mr. BENNETT. Mr. President, I ask unanimous consent that the order for the quorum call be rescinded.

The PRESIDING OFFICER. Without objection, it is so ordered.

AMENDMENT NO. 2088

Mr. AKAKA. Mr. President, I rise today to offer an amendment to H.R. 2673, the Agriculture, Rural Development, Food and Drug Administration, and Related Agencies Appropriations Act for fiscal year 2004, that will help protect the health of the American public. This amendment would prohibit the U.S. Department of Agriculture (USDA) from utilizing funds under this Act to approve downed animals for human consumption. I thank Senators LEVIN, CANTWELL, and LIEBERMAN for cosponsoring this amendment.

Downed animals are livestock such as cattle, sheep, swine, goats, horses, mules, or other equines that are too sick to stand or walk unassisted. Many of these animals are dying from infectious diseases and present a significant pathway for the spread of disease.

I commend USDA and livestock orga-

nizations for their efforts to address the issue of downed animals. However, I am deeply concerned about diseases such as BSE, Bovine Spongiform Encephalopathy, more commonly known as mad cow disease, that pose a serious risk to the United States cattle industry and human health. A food inspection study conducted in Germany in 2001 found that BSE is present in a higher percentage of downed livestock than in the general cattle population. USDA stated that downed animals are one of the most significant potential pathways that have not been addressed in previous efforts to reduce risks from BSE. Stronger legislation is needed to ensure that these animals do not enter our food chain. My amendment prevents downed animals from being approved for consumption at our dinner tables

On January 21st of this year, USDA's Animal and Plant Health Inspection
